

Florida Subcontractor Network **2026**

The top-rated crews for every trade a barndominium build needs — screened by real Google ratings across all six Florida regions outside our home base. Built for partners, subs, and clients building with JSC anywhere in the state.

How to use this directory

Every company in here earned its spot. For each region we searched Google's live local results for all 13 trades a barndominium build subs out, screened every qualifying company (4.5★ or better with real review volume), and kept the top three per trade — ranked so a 4.8★ with 300 reviews beats a 5.0★ with a dozen.

It's clickable. Tap a region below to jump to it. Every card links to the company's phone number, website, and Google listing. Each region header jumps back here.

Trades run in build order — site work first, finish trades last — so the list reads the way a schedule does.

Northwest Florida (Panhandle)	Pensacola over to Tallahassee — big rural lots, strong barndo demand	39 companies →
Northeast Florida	Jacksonville metro down to St. Augustine, west to Lake City	39 companies →
East Central (Orlando & Space Coast)	Orlando metro and the Space Coast corridor	39 companies →
Tampa Bay & West Central	Tampa/St. Pete metro east through Polk County	39 companies →
Southwest Florida	Sarasota down through Fort Myers and Naples	39 companies →
Southeast Florida	West Palm Beach through Fort Lauderdale and Miami	39 companies →

Trades covered per region: Site Prep & Land Clearing · Concrete & Foundations · Metal Building Erection · Framing & Carpentry · Metal Roofing · Electrical · Plumbing · HVAC · Spray Foam Insulation · Drywall & Interior Finish · Garage & Overhead Doors · Septic Systems · Well Drilling

Method & caveats: Ratings and review counts are live Google Maps data pulled August 10, 2026 via DataForSEO — not opinions, and not pay-to-play placements. Rankings will drift as reviews come in. A listing here is a strong signal, not a vetting: **always verify current FL licensing, insurance/COI, and workers' comp before contracting.** JSC Contracting has no affiliation with the companies listed and receives nothing for inclusion.

Northwest Florida (Panhandle)
